Notes:

- All PhD CS students are required to complete the PhD breadth requirement within the first 24 credits in the program (part-time students can't postpone the completion beyond three years). Shorter deadlines may be imposed by the CS department for students transferring from another PhD program or changing their catalog year.
- The breadth requirement may be satisfied by either completing four breadth courses with superior performance OR by passing four written qualifying exams. Fill in only one of the tables above. Mixing and matching course grades and qualifying exams is not allowed.
