Student G#: _____

Student e-mail address: _____

Number of credits completed in
the PhD program: _____

Name of the CS faculty member
who will act as the Research Advisor: _____

Doctoral research area: _____

Date: _____

Signatures

Student: Research Advisor: PhD CS Program Director:

_____   _____   _____

Notes:
1. All PhD CS students are required to declare their PhD research advisor within the first 24 credits in the program (part-time students can't postpone this declaration beyond three years). Shorter deadlines may be imposed by the CS department for students transferring from another PhD program or changing their catalog year.
2. This form is <u>only</u> for the research advisor declaration. The students can form their dissertation committee only after successfully passing the comprehensive exam (there is a separate form for the dissertation committee formation). Co-advisors, if any, can be declared at that point.
3. The doctoral research area information is tentative. It refers to the general area in which the student intends to conduct the doctoral research, under the supervision of the research advisor.
