(Dr. B for short)

In-class Exercise #1

We discussed several myths about software changes.

In your group, **pick one and discuss** it with your teammates.

Summarize your discussion on paper for submission.

Be prepared to discuss with the class!

In-class Exercise #2

In your group, **discuss and document**:

- terms you understand well (and not so well) so far
- which of Lehman's Laws of Software Evolution you feel apply the most (and least) to modern software

Be prepared to discuss with the class!
