

# CS451

# Conclusion

Jyh-Ming Lien

Department of Computer Science

George Mason University

---

What Have You Learned?

---

What Topics did You Find Most Challenging?

---

What Topics did You Find Least Challenging?

---

# Dose CS351 Help?

- ▶ In what way?
  - ▶ Should CS351 be a prerequisite?
-

What Topics Didn't You Learn but Wish  
to Learn?

---

# What are the Topics that You Didn't Even Know?

- ▶ Atmospheric Scattering
  - ▶ Light Linked List
  - ▶ Reflection Occlusion
  - ▶ Ambient Occlusion Color Bleeding
  - ▶ Light Stage Systems
  - ▶ ...
-

# Atmospheric scattering

- Sky color
- Fog
- Clouds
- "God rays"
- Light shafts
- Volumetric shadows

# Old: Deferred Lighting

# Old: Deferred Lighting

# Old: Deferred Lighting

# New: Light Linked List

# Light Linked List

Store lights in a per-pixel linked list

# Reflection Occlusion On

# Reflection Occlusion Off

# AO Color Bleeding Off

# AO Color Bleeding On

# Large Scale AO (Off)

Large Scale AO  
off

# Large Scale AO (On)

# Large Scale AO

Large Scale AO  
contribution  
[contrast enhanced]

# Light Stage Systems

FIVE VIEWPOINTS RECONSTRUCTION
