ISA 563 Spring 2010

Fundamentals of Systems Programming

Overview

Muhammad Abdulla, PhD
Jan. 28, 2014

Logistics

- Class website

  - `http://cs.gmu.edu/~mabdulla/courses/2014/563/`
  - `http://cs.gmu.edu/~mabdulla/563/`

- Textbooks

- Reading, Assignments, Schedule

What This Class Isn't

- A C course
- A C++ class
- A Java class
- Operating systems class

Expectations

- Basic CS knowledge

- Class participation

- This class is about understanding systems and solving problems, not merely a C tutorial.

- Interaction

- Prepare you for OS and system level security education.

Acknowledgements

- Some course slides are based on Dr. Michael Locasto's slides for ISA 563 for previous semesters.
